

SCT-32-W

Watertight Pipe & Duct Tethered Inspection Robot

REMOTE INSPECTION

This robot can go places you just can't access easily, or at all. With it's compact frame the GPK can fit almost anywhere.

REDUCE RISK

Avoid exposure to potential harm by sending a robot in first. Spot hazards like animals, mold, and more from a safe distance.

RECORD FINDINGS

Record video and photos of your inspection to add to your report and review with clients.

ADJUSTABLE FRAME

This robot has adjustable tracks, allowing it to maneuver comfortably in pipes both large and small.
